UNY PMI Board Members for the 2007-2009 Term

In accordance with the Bylaws of the Upstate New York Chapter of PMI, the Chapter conducted its 2007 Elections for open Board positions.

The Nominations and Elections Committee are pleased to announce the election results. The Board was elected based on the total of 78 votes cast by the membership.

This was the first time in the Chapter's history that there have been more candidates than open positions. We would like to thank everyone for their interest.

The final outcome of the Board position process was as follows:

- John Andrew, 1st VP of Facilities and Registration
- Eileen Armstrong, PMP, VP of Membership
- Brenda Breslin, PMP, Assistant Secretary
- Jo Ann Clute, PMP, VP of Education and Certification
- Karen Huggins, PMP, 1st VP of Programs
- Diana Pinto, PMP, Assistant Treasurer
- Joe Spreitzer, PMP, 2nd VP of Facilities and Registration
- Kathie Vetter, PMP, VP of Communications and Publicity

The Board would like to welcome the newest members, Brenda Breslin, Jo Ann Clute, Joe Spreitzer, and Tim Christensen!

Soon after elections, Kathy Vetter moved out of the area and had to resign her position on the Board. Thank you very much to Tim Christensen who the Board approved to take her place as our Communications and Publicity VP.

The Board would also like to recognize the out-going Board members for their efforts. The value of the volunteers and the time that they commit to the success of the chapter and the chapter programs has been invaluable. Thank you again to:

UNY PMI Celebrates 30th Anniversary

Our Chapter is the seventh oldest chapter of the 250 chartered chapters throughout the world. We have just received a certificate from PMI recognizing our chapter's 30th year of being a PMI Charter Community. The September meeting celebrated this anniversary. We invited people who were instrumental during our beginning years and recognized their important contribution to our local chapter.

UNY PMI Chapter Continues to Grow

As of this summer, we are 457 members & 256 PMPs strong!

Thank you for your support
